# Team Project Announcement

KAIST CS350 Intro. to Software Engineering, Fall '25
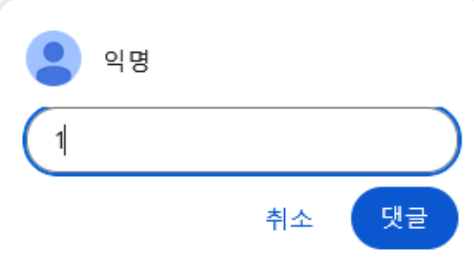

# Team projects:

- You should make a team consisting of **4 students** by yourselves and report your team members by **Oct 1 st.**

- **No team change allowed w/o legitimate reasons** after Oct 1st (e.g., all teammates except you apply leave of absence, etc.)

- You should present your team's project progress regularly at the class to promote lively discussion and feedback

- At the end of semester, you will evaluate your teammates

# Team Formation

- Please use the following Slack channel to form your teams.
  - Please check your kaist email
  - If didn't receive any email, please contact [newwin0198@kaist.ac.kr](mailto:newwin0198@kaist.ac.kr) as soon as possible

- When you post a message to find team members, please include the following information:
  - Your student ID number and name
  - Your areas of interest
  - Project experience
  - Your tech stack

# Team Formation

- Once your team is formed, please leave a comment on the spreadsheet in the Slack channel with your team number. You may choose any number between 1 and 11.
